Measure, Appointment or Topic: HB4145

Thank you for the opportunity to write testimony today towards house Bill 4145. I oppose house bill 4145 as well as Measure 114 which is in legal battle.

My opinion is I believe the Oregon legislature should be focused on other problematic things like funding agencies to keep fires put out and roads plowed.

By adding these firearm bills and laws just keeps firearms out of reach of law abiding citizens, which in a bad situation can help protect, which would keep criminals with firearms because they will still find ways to get them. Drugs are illegal and criminals still get access to them.

Again I appreciate the opportunity to give testimony to this bill and potentially more in the future. I ask you to please make the right decision and keep fire arms in the hands of law abiding citizens and work on other problems within the state.

Thank you for your time.
