Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Chair Nathanson and committee members, I support 1.25% for wildlife and habitat because we are in desperate need of protecting our wild lands and fauna here in Oregon. Tourists visit our state for its wondrous natural beauty, fishing, hunting, whale watching, visiting our beautiful beaches and mountains and rivers. It is essential that we have funding to maintain these areas and protect our endangered species. Our tourism tax is one of the lowest in the country. The current federal administration is not interested in protecting our state or our environment so we need a way to fund it ourselves. Please vote for this measure, and let's keep Oregon as green and beautiful and wild as it has always been. Thank you.
