HB4134

Dear Chair Nathanson and Committee members,

I support HB 4134 with the -1 amendment, which would increase the state lodging tax by 1.25% to provide funding for the recovery of Oregon's most vulnerable fish, wildlife, and habitats.

Our landscapes, wildlife, and other natural resources make Oregon one of the best places in the country to live. I value these resources not only for what they offer us today, but for what they represent for future generations. Not only that, but protecting the natural resources that draw visitors to Oregon is a smart economic investment in our communities.

This is a rare opportunity to make a lasting investment in Oregon's biodiversity and natural legacy. I respectfully urge you to support and pass HB 4134 with the -1 amendment this legislative session.

Sincerely,

Frank Jahn
