HB4134

Hello, My name is Jimmie Oleachea and I urge you to pass HB 4134 in order to provide funds to protect all wildlife in the wonderful state of Oregon of which I am a proud citizen.

My paternal grandfather, Vedal Oleachea, settled and built a stone cabin just a few miles south of Fields, Oregon. If you look on the BLM map of that area you'll find Oleachea Place and Oleachea Pass. I was born in Burns, Oregon and the desert is in my blood. The desert and its wildlife must be protected.

I'm a 75 yr old retired Vietnam veteran. I'm in good health and spend as much time as I can in the SE Oregon high desert. It is a land of many wonders including all the various wildlife I'm privileged to see.

As it stands, animals such as the antelope are a dwindling species. I no longer see even small herds of these incredible animals. Each and every wild animal in this state must be protected as much as possible against land loss, illegal hunting and among other things the negative effects of Global Warming must be mitigated as much as humanly possible.

So, please I urge you to pass HB 4134

Thank you, Jimmie Oleachea
