Hello, my name is Jody Gordon. I am a native Oregonian and live in Albany. I am proud of the stance Oregon has taken during my 66 years to care for its stunning and diverse environment. I urge the Oregon State Legislature to pass HB 4134. Oregon can take the national lead once again to support vulnerable wildlife and habitat conservation with a modest 1.25% increase on the lodging tax. This long-term funding will be shared by Oregonians and tourists. It's my belief that people will be proud to contribute to sustaining healthy ecosystems.
