

Submitter:

Erik Persmark

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Dear Legislators,

I urge you to pass measure HB 3134.

It will impose an insignificant cost for (primarily) visitors, while in aggregate the revenue generated will be hugely valuable for our natural environment and native animals; for conservation of native species and control of invasive species while also adding job opportunities to locals. After all, many visitors came to enjoy some of the awesome experiences Oregon's natural world provides.

Thank you,

Erik Persmark
