House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

HB4145 is in violation of a US Constitutional right. It is also not an emergency as stated in the bill. I do think measure 114 or HB 4145 either one are in violation of that constitutional right. Having a permit requirement does not do anything but let government collect fees for a right afforded US Citizens. I am an Oregon citizen highly opposed to HB4145, please vote no.
