Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I am in support of passing and funding HB 4134 because Oregon is a destination for visitors to see our river lakes and the wildlife it supports.

Our future generations rely funding ODFW to manage and support non game wildlife as hotter summers , development threaten wildlife.

Many Oregonians and visitors enjoy nature but besides hunters and fishermen, they don't pay for wildlife.

ODFW is working on a shoestring budget trying to keep up with the growing numbers of endangered species.
