

Submitter:

Kathryn Ford

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

As a new resident to Portland, Oregon, I have become an avid birdwatcher. I have witnessed bald eagles fly past my back porch. I have heard an owl calling in the woods behind my home. These experiences have given me so much joy during difficult times and lead to many opportunities to connect with my new community. Supporting HB 4134 is imperative for not only keeping the wildlife flourishing, but for helping our city and state thrive. Please support this bill that would fund multiple important actions. Support HB 4134!
