

Submitter:

Andrei Lupu

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I am an immigrant to this country and to the State of Oregon.

What Oregon has in its biodiversity and natural habitats, few places have. This planet is changing extremely quickly, and wildlife is suffering. They cannot protest, argue, or fight. They simply suffer and perish as the places they once called home burn to a crisp or are razed to the ground for a new strip mall.
