Measure, Appointment or Topic: HB4134

I'm in favor of HB4134 because our natural world (of which we're part) needs help from us humans. We're the ones who are destroying the natural world, and it's up to us to repair the damage. We don't have a sales tax, so people who visit from other states or countries don't pay us anything for the use of our services--roads, police, fire protection, social services, libraries, etc. Since they usually stay at hotels it's a good way for our state to receive more funds to protect our wildlife and forests.

Please vote for this bill and help save our beautiful state natural resources!
