Measure, Appointment or Topic: HB4145

As a concerned Oregonian who has watched our freedom eroded , I am asking you to oppose HB 4145.

This legislation attempts to implement provisions of Ballot Measure 114, a policy that has already been ruled unconstitutional by the courts. HB 4145 appears to be an effort to circumvent the judicial process rather than address genuine public safety concerns.

The fact that this policy requires a third legislative "fix" demonstrates that the framework of Measure 114 is fundamentally flawed, fiscally irresponsible, and practically unworkable for both the state and law-abiding citizens.

Please stand with the citizens of Oregon by opposing HB 4145.
