

Submitter:

Joaquin Foster

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4088

I, Joaquin Foster, of White City, Oregon, oppose this bill.

There is no need to declare a state of emergency. States of emergency grant emergency power to the state government, and it is common knowledge that governments are liable to abuse power. As a resident of the mostly-red Southern Oregon, what sorts of overreach will be done because of this bill? Will pregnancy centers be shut down for the reason that they do not tell the same lies as the abortion industry? Will the shipping of abortion pills across state boundaries be overlooked because of this bill? Who knows?
