Topic: HB4153

I love our local farm stores and have been going to them since I was a child. Picking a pumpkin, hayrides, corn mazes, petting animals, picking berries, all of these things make the seasons for me and my family. Seeing a concert or attending a class on bird watching at my favorite farm are such a great healthy way to help our families learn about nature, the food chain, and how to enjoy life outside. Please let's keep these farms running so that we can enjoy them in these various ways for generations to come. Thank you.
