

Submitter: Leisha Miller
On Behalf Of:
Committee: House Committee On Behavioral Health
Measure, Appointment or Topic: HB4028
Subject: Support for HB 4028 – Protecting Mental Health Providers and Patient Access

Dear Chair Pham and Members of the Behavioral Health Committee,

My name is Leisha Miller, and I am a Licensed Professional Counselor. I am the owner of a solo private practice. I am writing to express my strong support for HB 4028.

This bill provides essential protection for small and independent mental health providers against increasingly aggressive and predatory insurance practices. Each year, insurance audits grow more frequent and more punitive, requiring extensive time and energy to ensure every detail of my documentation meets shifting and often unclear standards. Despite providing ethical, necessary, and high-quality care, I live with the constant fear that a minor technical error could result in denied claims or repayment demands. Due to issues with Medicare I decided to opt out of Medicare even though I deeply enjoy and wish I could see older adult clients. I have turned away quite a few Medicare clients who are struggling to find mental health providers who will accept their health insurance.

This ongoing threat of lost income creates significant stress and instability. Like many providers, I have decided not to be in-network with Medicaid or Medicare plans due to documentation and audit risks and requirements that are even more intense than commercial insurance plans. When therapists are pushed out in this way, it is ultimately patients who suffer.

HB 4028 recognizes that insurance companies currently hold disproportionate power over small and solo mental health providers. It acknowledges the growing pattern of retroactive denials and recoupments for legitimately delivered services, and it takes meaningful steps to address this imbalance.

By establishing reasonable protections and clearer standards, HB 4028 will help providers remain financially stable, continue serving insured clients, and focus on what matters most: delivering high-quality mental health care to Oregonians. This bill supports both providers and the communities we serve.

Thank you for your leadership and for your support of HB 4028. I appreciate your commitment to protecting access to mental health care across our state.

Sincerely,

Leisha Miller, LPC
