

Submitter:

Michael Randall

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Please protect what is important. Animals in the wild deserve the utmost courtesy and respect. Anything less is an abomination to our responsibility to be good stewards of the Planet. Destruction, profiteering of natural resources and absolute idiocy are currently setting the agenda. Do not stay this course and do your job, do the right thing.

Maybe thank you, I am not sure yet.

-Michael Randall
