

Submitter:	Sharon Waterman
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1539

I support SB 1539 which allows an individual to verify whether cattle are pregnant without holding a valid license issued by the OSV medical Examining Board. As many ranchers in rural Oregon know, finding and being able to afford a veterinarian to preg-test cattle is a challenge. As technology grows, there are more methods for producers to preg-test their own cattle without the need of a veterinarian plus such technology is more economical. Therefore, I encourage your support of SB 1539.
