Hi! I 100% support this measure. My family loves going to small farms frequently. My three year old daughter loves the space to run and play, she loves to see the animals. We also go to the Easter egg hunts and pumpkin patches every year. It's so nice to have small farms so close to visit and plan a day there. I know our family would truly miss these visits if they disappeared and aren't supported the way they need to be supported.
