Chair Nathanson and committee members,

Thank you for the opportunity to express my strong support of the 1.25% for wildlife bill. I strongly believe that this lodging tax will cause a negligible impact to consumers, yet be a huge support to the conservation of our beautiful wildlands. I am an Oregon resident and would not mind at all having to incur this tax during my local trips. As a pediatrician I am aware of how important being outdoors in nature is to the physical and mental wellbeing of our children - and how interconnected our health is with the health of our environment.

Thanks for your time.
