HB4134

Dear Representatives:

I am writing to support HB 4134.

I support it as it will provide funding for our fish and wildlife and their habitat.

Oregon's wildlife and fisheries is a great draw for my friends and family located outside our state. I have friends from Colorado, California and Washington who travel to the Coast, Cascades and Eastern Oregon because of the wildlife and fisheries that are here. They bring in money from outside the state which helps our local economies.

My sister from Virginia has visited three times during the past three years and the main reason is because of the wildlife and fish - whether it is bats, salmon, sea lions, elk, or birds - this is the main draw for her. When we have travelled around the state we stay in motels and hotels and we gladly support this legislation.

Thank you for your consideration.

Best

John Rosapepe
