

Submitter: Michael Brainard

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: HB4061

This bill is missing an important component: The State of Oregon has two Ports, the Port of Portland and the Port of Coos Bay. The Port of Coos Bay has been left out of this bill. With the future Pacific Coast Intermodal Port Project coming online, the port will become an even more important stakeholder in trade strategy. The Port of Coos Bay should be in this bill.
