Measure, Appointment or Topic:

HB4145

I don't have fancy words, but I do have common sense. This law will do absolutely nothing to prevent criminals from possessing firearms. The only thing it does is prevent law abiding citizens from their 2nd amendment rights.

As you erode the rights of lawful people, you leave open for more criminals to attack, and again criminals don't follow the laws.

You hide the fact that you are taking away legal citizens rights and then you put dollar amounts that can not only hurt low income citizens, but you leave open for the discrimination against people of color.

I oppose not only this measure, but the tactics that are used to hide this and the option for opposition.
