Measure, Appointment or Topic: HB4125

Hello,

I am a parent to a 4th grader here in SW Portland. I am writing today to offer my voice to the many who are standing up to remind you all to prioritize our students. We care about Oregon and its students. And we support HB 4125 to modernize the kicker.

Now is the time to effect change and reform Oregon taxes to benefit children. We are sick and tired of the continuous lack of funding for schools, starting with Measure 5 and then with Measure 50.

We are continuously failing generations of Oregon children - and simultaneously damaging our business climate by failing to attract talented employees with families to our city due to the failures of our schools.

The structure of the Kicker right now is destabilizing to the General Fund. Without a stable, growing General Fund, public education will never get a big enough piece of the pie. The Revenue Forecast Modernization Act or HB 4125 makes budget predictions less high stakes for our children and communities.

I'm calling on you, our lawmakers, to speak out boldly in favor of this bill and pass it into law. As the federal "Big Beautiful Bill" legislation starts to take effect, Oregon's General Fund will require a solid foundation, and the current Kicker is a perpetual crack in that foundation. Let's have a revenue prediction system that ensures investment in our children and in the future small business in our state.

Sincerely,
Ashley Schofield
