

Submitter:

Richard Foltz

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

Richard Foltz

Junction City, Oregon

I strongly oppose HB4125. Having accountability in state government means exactly that, being held accountable. The kicker refund is not there to "bail out" bad decisions and wasteful spending. The kicker is there to refund an over payment. How would it work if you were overcharged on one of your utility bills and the power company simply said "well we are keeping it AND we are not applying it to next months bill"? Taking it is the same as stealing it. Hold your departments accountable and quit adding unfunded programs and you might just balance the books.

Sincerely,

Richard Foltz
