Measure, Appointment or Topic:

HB4145

Measure 114 was fatally flawed from its inception, and these 4145 attempts to address issues with 114 before legal challenges have made their way through the courts is extremely troublesome. The behavior of the Democrat controlled legislature is tyrannical and deprives law abiding Oregonians of their constitutional rights. Stop wasting taxpayer dollars trying to fix problems that do not exist, just because in this case you hate law abiding firearm owners.
