Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

The access to wildlife and nature is one of the main reasons I moved to Portland from NYC. It is everything to me and I'm sure means a great deal to the majority of Oregonians. The proposal would not only help wildlife and habitats, but also support local communities and businesses that rely on tourism dollars. Oregon's robust outdoor tourism economy supports nearly 200,000 jobs and brings in \$16 billion in consumer spending. Investing in these resources now will continue to generate more economic opportunities for Oregon's communities in the future. At a time when the federal government is slashing funds and dismantling policies that protect our vulnerable fish and wildlife and their habitats, Oregon has a chance to set an example and protect our natural heritage. Doing so would make Oregon a national leader. I love being part of a city that so evidently cares about these things.

Please support "1.25% for Wildlife" by passing HB 4134 today.
