Measure, Appointment or Topic:

HB4145

This measure is no more constitutional than measure 114. It will be a long drawn out and costly (for taxpayers) to ultimately be defeated so I and my family are a hard OPPOSE on the measure. Please focus on criminals (that do not obey any laws) and leave the Second Amendment and lawful Oregon citizens alone. You are burdening the law abiding instead of arresting and prosecuting criminals that could care less about this measure. STOP IT!
