HB4138

I am a mother to 3 children. How can I raise my babies in a world where we don't know who to trust? How can I teach them that law enforcement officers will help them, when we can't tell law enforcement from regular people? How will I know that I am actually being contacted by law enforcement, and not some impersonator intending to do me harm?

I want the people we are supposed to trust to start by being identifiable. Please help me and my children feel safe.
