Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

Rights are not privileges! Police aren't above the citizens. There's a process in the capital this bill hasn't followed that process. Oregon voted 114 in , let us decide if we want this unconstitutional law to move forward, let us vote on repealing it! If it's such a public safety issue why 2028? Because all of you have no way of implementing it. 69 days hell I can pass a background in 10 minutes , 60 days infringes on that right! Oh wait it's an election year. So be very careful as you progress through this session we will not let your constituents forget!
