

Submitter:

David Hocker

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

This law is WRONG in so many ways. And to say it will save lives is just living in a fairy tale world. Do NOT take away our rights to defend ourselves and families. Bad evil people will always find a way to be bad and evil. And in Oregon we already have background checks and laws on firearms, don't need anymore.
