HB4134

Chair Nathanson and committee members, I support 1.25% for wildlife because we need state funding to make the protection of biodiversity stable in an unstable funding environment. This tax would help conserve and restore Oregon's vulnerable species and their habitats. By doing this we would also protect Oregon's tourism and recreation industries. Moreover, by protecting biodiversity we would help to maintain the ecological systems which sustain human life.

Thank you for your consideration,

Jill Schwab
