Measure, Appointment or HB4153  
Topic:

My grandfather had a Christmas tree farm when I was a kid and I loved when he let me drop the new seedlings into the auger hole when it was replanting time. We have taken our kids to family farms for pumpkins since they were little and now my grandson. We can't let these family owned farms disappear here in Oregon. I support HB 4153! Please keep these farms in Oregon for many generations to come!

Thank you.
