Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4125

Oregon currently has one of the highest tax burdens in the United States. The Democrat party in Oregon cannot control its spending, and refuses to listen to its actual constituents. The abuse of our tax dollar is excessive and unnecessary.

Oregon's needs could be funded with less money.

How?

Cut out the fat.

No more DEI programs. No more money sent to NGO's for homeless outreach that doesn't happen or work.

Edit the SNAP rolls, remove illegal immigrants and those defrauding the system using out of state purchases.

Upgrade the EBT and SNAP cards to have a reader chip in them, not just a number, so the amount of fraud can be reduced.

Require renewed registration for EBT, cleaning the system out and ensuring that those that need it can get it, and that those that don't deserve it are removed from the system.

If you can't do these things, you aren't interested in reducing our tax burden. You are trying to grow our tax burden.

Oregonians only have so much to give. If you keep taking, Oregonians will go the way of Dutch Brothers. Then who will pay for your folly?

I hope you figure it out before Oregonians do.
