

Submitter:

Carol Pelosi

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I'm submitting testimony in favor of HB 4125 The Revenue Forecast Modernization Act to reform the state's kicker. Please retain moderate surpluses to invest in things like education, housing and Medicare. We need funds to combat the horrible Big Beautiful Bill that is set to deprive middle and working class families of basic services especially in Blue states such as Oregon. Thank you.
