Chair Nathanson and committee members, I support 1.25% for wildlife. After traveling extensively in the open lands of Oregon for many decades, I have realized the vital importance of the native wildlife for people in many communities in Oregon. Not only do wildlife reflect the general ecological health of of Oregon, wildlife -- mammals, fish, birds, reptiles -- attract visitors seeking Oregon's unique landscapes - - forests, deserts, lakes, rivers -- throughout the state. Enhancing wildlife and their habitats contributes significantly to a robust and diverse economy and to livability. Thank you for your support for HB 4134.
