House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Please do not increase the TLT taxes further! Our region needs to stay competitive to recruit large scale events to support our tourism industry. In Lane County, this is VITAL for our economy as a whole. Whole districts in the Eugene area would cease to exist without visitor dollars coming in. It may seem like a small increase, but to someone who is looking for hundreds of rooms for an event, a small percentage turns into a huge increase in costs for them, thus, driving them to other communities.

Please do not hurt our region with this increase.
