Measure, Appointment or Topic:

HB4138

Portland has no need for ICE agents at all. And if it is impossible to remove them completely, they must not enter or lurk outside schools, hospitals, and courtrooms, grab brown people without warrants at their homes and workplaces, or use tear gas, flash bangs, and rubber bullets on peaceful protestors. They must be held individually accountable for their actions, so therefore they must be unmasked and identifiable by name badge.
