

Submitter:

Douglas BEALL

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Although not well publicized or acknowledged, our Oregon wildlife and habitats are in a critical and immediate danger. Leadership in ours and federal governments is almost totally lacking. This legislation will assist in progress towards a more focused plan for our states environmental future. PLEASE open your minds and hearts to help thwart the desperate wildlife needs and allow all citizens to participate in the funding for recovery of our essential state habitats. Douglas Beall
