Measure, Appointment or Topic: HB4145

Please support House Bill 4145. We have been waiting for implementation on M114 for over three years.

Guns are the second leading cause of death among children and teens in Oregon, and the leading cause nationwide. Oregon can and must do better, and we made great progress when the voters enacted a permit-to-purchase law and a ban on magazines holding more than 10 rounds in 2022.

The provisions in this bill will enable state agencies and law enforcement departments across the state to implement life-saving gun violence prevention laws to the best of their ability. The minor changes in the bill will make implementation of this law more efficient and save more lives.

I urge you to lead our state toward a future free from gun violence by doing your part to advance this bill.

Thank you.
