

Submitter: Liliya Matvieiev
On Behalf Of:
Committee: House Committee On Behavioral Health
Measure, Appointment or Topic: HB4083

I oppose the HB 4083 as written.

Social work is a diverse field and not all social workers practice as therapist/counselors where a therapist supervision will be needed. I've been working in medical social work where a social worker that is practicing in the similar field supervision has been beneficial.
