HB4145

I OPPOSE HB 4145. The bill burdens law-abiding citizens' while doing nothing to stop criminals, everts resources from real public safety efforts and disproportionately harms Oregonians. the hearing was not posted in a timely manner. it was deceptively used to blindside the people who oppose unconstitutional overreach and more regulation. HB 4145 should be rejected , due to do to underhanded tactics to push through yet more regulation and confusion that will result in a huge waste of taxpayers funding.
