

Submitter: Lynn Cole

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB1523

Chair Pham, Vice-Chair Anderson , and Members of the Committee:

My name is Lynn Cole and I am writing on behalf of Manufactured Homeowners for Change, Oregon in support of SB 1523 which is designed to bridge the digital divide for tenants and remove electronic barriers to housing.

I live in a 55+ manufactured home park in Lebanon, Oregon. Many of my neighbors do not own smart phones or computers. They depend on verbal and written communication to function with day to day life. The “ old school” method of stamped mail, phone calls, written and in person communication is what they know and understand. These non digital methods need to continue as an option.

Thank you,

Lynn Cole
