I support this bill! I worked at Topaz Farm last summer and witnessed first hand the community that this farm, other small farms, brings together. Children having birthday parties, adults enjoying music, and families coming to spend the day; all examples of what these farms bring to us. My teen daughter had her first date at Topaz Farm picking out pumpkins in October. Her boyfriend had never seen pumpkins still on the vine - city boy. Image not being able to wander around where food is actually grown? See how it's done and get an ice cream?

We can't take this away from our community!

Pass this bill!
