

Submitter: Mary Logalbo  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB4134

The Clackamas River Basin Council is submitting testimony in strong support of HB 4134 to increase the state lodging tax and help recover Oregon's most vulnerable fish, wildlife, and habitats.

The Clackamas River provides drinking water to over 300,000 Oregonians, and is home to threatened and endangered species, including the last significant wild late winter coho run in the Columbia Basin. The Clackamas River Basin Council's mission is to "foster partnerships for clean water and to improve fish and wildlife habitat and the quality of life for those who live, work and recreate in the watershed."

This funding will help us sustain, protect and further enhance the rebounding fisheries and other wildlife in the Clackamas River Basin and beyond.

Please pass HB 4134 to provide sustained funding towards protecting and stewarding these valued resources for future generations!

Best Wishes,  
Mary Logalbo
