HB 4145. People who claim they support this unconstitutional bill are laboring under a falsehood. This bill as written in no way stops any criminal who wants to use a firearm in the commission of their felony. All this bill does as written is to delay, deny, and price out the the law abiding people who want to exercise their inalienable 2nd Amendment rights. HB 4145 just happens to conveniently violate the Oregon constitution, the same as Measure 114 did and SB 243 does. To all the people and groups of people who support this nanny state attempt to deny peoples rights, I say this - my inalienable Constitutional Rights do not end where your feelings begin. And if people are offended that I would dare exercise my 2nd Amendment rights, then it is they who have an issue.
