Measure, Appointment or  
Topic: HB4153

Our family enjoys being able to visit and support local farms. They add SO much to our communities. We want these farms to be able to survive economically so that children and future generations can enjoy and appreciate the “fruits of their labor”. We are so lucky to live in an area of great agricultural abundance. We MUST keep it that way. My family of 3 is in support of HB 4153 all the way!

Thank you.
