

Submitter:	Sharon Hilyer
On Behalf Of:	LEVO
Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4145

It is past time to implement this measure that was passed by Oregon voters years ago. The frustration of not implementing what voters pass leads to loss of faith in the legislative process and in our representatives. This is a common sense measure, backed by the voters that should not be held up any longer. If we cannot even do this much, how can we tackle the larger issues together?

I urge you to support this now!
