Gun Violence in the United States is a CRISIS that threatens the well-being of EVERY person in the USA. We have more guns in the USA than people. I plead with you not to become numb to gun violence. Shootings in our schools have become our norm, but it is totally unacceptable and must stop. Gun violence is preventable, not inevitable.

I am an Oregon resident who voted for Measure 114. I wanted it implemented immediately. We need to reduce gun violence, and Measure 114's ban on large capacity magazines, closing the Charleston loophole, and the permit to purchase requirement should be in effect now.

HB 4145 will make the implementation of those steps more efficient and effective. They should be in place once the Court rules. Please pass HB 4145. Thank you.
