Measure, Appointment or  
Topic:

HB4153

As a farmer in the Hood River valley, I oppose this measure as written, these are difficult times to be a farmer and we don't want or need more conflicting uses that make it even harder to be a successful farm operator. This measure goes too far in trying to right a perceived need for more on farm commercial uses. The current land use laws as written allow for a limited amount of commercialization which minimizes conflicts with legitimate farm operations.

Thank you for your consideration,
