

Submitter: Zion Nichols  
On Behalf Of: People concerned about government overreach  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4114

I am concerned about the way this could lead to racial discrimination. This Bill opposes what america should stand for and quite posible let law enforcement deny permits based on race , sexual preferences or other groups that need protection now more then ever. This also makes it harder for working class people to afford the already rising fees. That also live in the higher crime areas. I beg of you please listen to oregonians many people that voted in agreement to that Bill now regret there decision.
